Aviculturist members and higher receive exclusive opportunities to tour behind-the-scenes at the Sylvan Heights Avian Breeding Center

Support Sylvan Heights Bird Park's conservation and education programs

Membership FAQs

What does my membership support?

Your support helps us continue to provide survival breeding programs that help conserve birds, aviaries and exhibits that teach visitors about the importance of birds and their habitats, science programming for thousands of PreK - 12th grade students each year, a safe, outdoor, nature-based experience for families and schools, and hands-on training programs for future generations of biologists, veterinarians, and aviculturists. Thank you!

What if I lose or don't have my membership card?

Please note that your membership card normally takes up to three weeks to arrive. However, you can still visit Sylvan Heights and other attractions in the meantime! Just bring your receipt with you or ask the ticket window staff to call us for membership verification. If you lose or haven't yet received your membership card after three weeks, please call us at (252) 826-3186.

How do I find out about park events and news?

As a member of Sylvan Heights Bird Park, you'll receive updates via our annual magazine "Words on Waterfowl", and our quarterly e-newsletter if you provided your e-mail address. For the most up-to-date information (plus fun bird facts!), please follow us on Facebook and Instagram, or check our event listings at www.shwpark.com/events.
